ABOUT THE CONFERENCE

'Interdisciplinary Approach in Education, Environment, Spirituality & Technology (IEST 2021)'

Albert Einstein said "Science without religion is blind and religion without science is lame. If the two could play complimentary role, humanity would get closer to the ultimate goal of peace, both individually and collectively". However Education imparted to our present generation has not only failed to realize this ultimate goal of peace and unity but is also failing to make man realize the nature of human consciousness or human spirit, resulting in fast erosion of human values.

Greed, intolerance, corruption, violation of human rights, disrespect towards women and exploitation are negative forces rising speedily resulting in failure of man to realize his own identity and the ultimate goal of life.

No doubt, man has achieved tremendous success in the field of science and technology, but the nature of human consciousness or human spirit is not being internalized.

To put an end to those negative forces and to develop Good human beings", new system of education and strategies need to be developed to reach this ultimate goal of life.

Keeping in view to extinguish the rising negative forces and to make a peaceful, united, progressive world through Education as the vehicle, the organizers of the National Seminar has framed a befitting the Interdisciplinary Approach of Education, Environment, Spirituality & Technology.

ABOUT THE ORGANIZERS

Nehru Gram Bharati (Deemed to be University), Prayagraj

Nehru Gram Bharati (Deemed to be University) occupies an esteemed place among the rural universities of India for over decades now. Established on 27th June 2008, it is one of the promising institutes in the State of Uttar Pradesh situated at the bank of river Ganges. It was basically conceived by our 1st Prime Minister of India, Late Pt. Jawahar Lal Nehru, who laid the foundation stone of Nehru Gram Bharati on 26th July 1962 in the village of Rishi Durvasha Ashram, Kotwa-Jamunipur, Dubawal Complex of his phulpur constituency in Allahabad District. His dream was translated into reality by Sri J.N. Mishra, who had a clear vision and dedication to the cause of upliftment of rural masses through education.
