16. Multidisciplinary / interdisciplinary

Nehru Gram Bharati (Deemed to be University) runs multidisciplinary programmes and various courses under PG level are of interdisciplinary and intradisciplinary in nature .

As decided by NGB(DU), the Choice Based Credit System is to be implemented for programmes at PG level from AY 2019-20.

Most of the PG Programmes are divided into 04 Semester. Every Semester is accorded 20 Credits each divided as :

- A. Core Courses [03 Courses x 04 Credits = 12 Credits]
- B. Elective [01 Course x 03 Credits = 03 Credits]
- C. Inter-Disciplinary [01 Course x 02 Credits = 02 Credits]
- D. Intra-Disciplinary [01 Course x 03 Credits = 03 Credits]

All PG Programmes will have 06 Courses.

The details are as:

A. Core Courses : The objective of the core course is to introduce, analyze, test and verify the basic facts of the subject. Through this, the student will understand the depth of the subject and move towards new and contemporary ideas. The core course study will be through three Core Courses. There will be three Core courses in each semester. Each Core course will carry four credits. The credits for each core course will be: [03 Courses x 04 Credits = 12 Credits]

B. Elective Course: The objective of the elective course is to provide a bird's eye view of the core courses. It is expected that the student will be able to study the main subject properly by selecting the optional course/paper. It will be through a elective course of three credits. [01 Course x 03 Credits = 03 Credits]

C. Inter-Disciplinary Course : The objective of the Inter-disciplinary Course is to make the student study a specific area related to his main subject. The InterDisciplinary Course will have one Course only. [01 Course x 02 Credits = 02 Credits]

D. Intra-disciplinary Course: The objective of this course is divided into two sections: (1) Skill Development (2) Personal Development. Through this, the student will choose one paper from the Intra-disciplinary courses provided by the department, faculty and university, whose credit value will be two. [01 Course x 03 Credits = 03 Credits]

17. Academic bank of credits (ABC):

We are exploring the possibility of registering with Academic Bank of Credits (ABC) keeping in view the provisio of UGC Notification dated 28 July , 2021 which is as under mentioned in Point No. 7:

"Eligibility Criteria for approval of HEIs to register with Academic Bank of Credits.- (1) Universities and Autonomous Colleges satisfying sub-regulation (2) of regulation 1, which are accredited by either National Assessment and Accreditation Council with minimum 'A' Grade or by National Board of Accreditation for at least three programme(s) with a minimum score of 675 individually (however, if the number of programme(s) being run by the Institution is less than three, then each of the programmes should secure 675 or more marks); or top 100 National Institutional Ranking Framework (NIRF) or similar Assessment and Accreditation body(ies) to be established by Government of India from time to time or those Indian Higher Education Institutions appearing in top 1000 world ranking of Quacquarelli Symonds (QS)/ Times Higher Education (THE); Institutions of Eminence or Institutions of National Importance as declared by Government of India are eligible to register with Academic Bank of Credits."

18. Skill development:

A skill development course has been introduced in at PG/UG Level Programmes . For. eg. In B.Ed.Spl.Ed[HI] which includes six skill based optional courses such as Orientation and Mobility, Communication Options; Oralism, Manualism, Augmentative and alternative communication, Management of learning disability and vocational rehabilitation and transition to job placement. In addition, various departments offer short-term Value added certifications to the students such as :

12	Certificate course in basic computer knowledge	Teacher Education	30 Hrs
13	Certificate course in personality development	Teacher Education	30 Hrs
14	Certificate course in Communication options for persons with deafness	Special Education	30 Hrs

19.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

We have appropriately integrated Indian Knowledge System in our Programmes/Courses Indian Language mainly Hindi is used as medium of instruction and Indian culture, Indian cultural values and ethos are incorporated in the courses. We are also running special courses on Indian language and culture such as Diploma in Jyotish, Karmakand and Vastushastra, UG and PG level programs in Hindi and Sanskrit. Also, we are offering Ganga Rakshak & Ganga Sewak programmes.

20.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Nehru Gram Bharati (Deemed to be University) implemented outcome based teaching - learning process in the academic session of 2020.

As on date all programs under the institution have generic Program Outcomes ensuring the attainment of graduate attributes, coupled with Program Specific Outcomes, addressing program specific requirements. Program Specific Outcomes are formulated taking into consideration the expectations of regulatory/professional bodies including UGC, Bar Council of India, AICTE, NCTE etc. Program Specific outcomes are designed and developed at the curriculum development stage in consultation with program experts and are subsequently approved by respective Board of Studies.

All courses under specific programs have clearly stated Course Outcomes, which are formulated at the syllabus design and development stage by faculty members after meticulous research, relevant experience of faculty members, feedback received from relevant stakeholders and outside subject experts. Course Outcomes so developed are presented before the concerned Board of Studies, and are subsequently approved after due deliberations. Course outcomes are planned and designed to ensure that entire syllabus is adequately covered along with specific course competencies. The project and laboratory components of the course where applicable also separate learning identities.

Instruments used for evaluating students' performance include, Assignments, Quizzes, Class Tests, In-Class Presentations, Individual and Group Projects, Continuous Internal/Sessional Examinations and End Semester Examination, and are mapped to specific course outcome, thus enabling precise and quantitative tracking and valuation of attainment of Course Outcomes based on students' output. Under all assessment processes the focus is on testing attributes of pragmatic learning along with the attainment of higher order thinking skills (inherent and or acquired)

Publicizing PO, PSO & CO: PO and PSO are well publicized through institutional website, LMS and through the syllabus booklets across programs. PO and PSO are inherent part of Student Induction Program - 'Deeksharambh', and complete clarity on POs and PSOs is given to the newly admitted students. All course teachers are entrusted with the responsibility of clarifying to the newly admitted students all concerned intricacies of Course Objective, Course Outcome, Lesson Plan, Teaching Pedagogies, evaluation pattern, in the very first class of the course. Under Faculty Induction/Orientation Programs, faculty members are well exposed to Outcome Based Teaching Learning (OBTL) process, and its contextual relevance.

It can thus be stated that the institution has a well-defined POs & PSOs for all programs and COs for all courses under relevant programs. All concerned details are published on the website and are systematically integrated with the teaching, learning and evaluation process of Nehru Gram

Bharati (Deemed to be University).

Attainment of Program Outcomes, Program Specific Outcomes, and Course Outcomes are evaluated by the institution. Institution has deployed Outcome Based Education and Assessment;

Assessment of Course Outcome

Course Outcome attainment is calculated from all course related assessment. Assessment process is primarily based upon direct measures for assessing attainment of Course Outcome, involving examinations, assignments, quizzes, projects, class presentations or any other instrument deemed fit by the faculty member.

In all the curriculum of the programmes, it is clearly articulated the idea of what students are expected to know and will be able to do, what skill they knowledge are expected to acquire after completion of the programme. Basically it is student centric and performance based mapping of attainment.

21.Distance education/online education:

At NGB(DU), blended mode of teaching is being practiced. During COVID-19 curriculum transaction and evaluation has been executed via Online mode. University has its own LMS.

Part B

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which is reflected in Programme outcomes (POs), Programme Specific Outcomes(PSOs) and Course Outcomes(COs) of the Programmes offered by the University

Nehru Gram Bharati (Deemed to be University) offers a dynamic and outcome-based curriculum. This curriculum is based on the recommendations of BoS and approved by statutory bodies. It takes into account interdisciplinary learning, which is crucial for developmental needs.

NGB(DU) curriculum is in line with the 17 Sustainable Development Goals established by the United Nations. Similar issues are taken into consideration at the national level, including clean water and sanitation. Information technology, conservation of the environment and biodiversity, horticulture, and entrepreneurship are properly taken into account.

Adoption in the Curriculum:

Graduates who have a commitment to excellence in their primary academic field and lifelong thirst for knowledge are also a result of the Programme Outcomes (POs) The graduates will develop moral rectitude and show a personal belief that peace and justice are cornerstones of societal existence.

The program-specific outcomes provide evidence of the aforementioned qualities in our graduates' capacity for knowledge acquisition. The PSOs will also give them communication skills that will allow them to interact with a variety of audiences professionally and effectively, as well as use social media to change society.

On a three-level scale, the results of internal and external evaluation are used to map out students' levels of attainment. Students can obtain the Course Outcomes for each course in our university programmes on the Institute's website and through LMS.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Nehru Gram Bharati (Deemed-to-be-University) prepares students both in their areas of specialization and social competency. The University has integrated cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum.

As we spend more time in the workplace, professional ethics becomes a critical factor in one's life. Some of the cross-cutting courses as part of the NGB(DU)'s curriculum are - IPR, and Entrepreneurship, Corporate Social Responsibility & Sustainability, Ethics and Values, Research Methodology (for PG and Ph.D. programs), Corporate Governance & Business Ethics, Indian Ethos etc.

NGB(DU)'s curriculum strives to create gender awareness as part of its curricular and co-curricular activities. Many departments offer as a part of their regular course curricula gender issues like gender and human rights. Activities such as social media campaigns, documentary filmmaking, and panel discussions are regular features of the courses.

Environment Studies, Hazard Waste Management and Renewable Energy (Solar/Wind) are some of the courses offered by NGB(DU) at the University. Students are exposed to various environmental issues, their protection, and awareness of the legal rights and adoption of technology for sustainable economic development.

2.2 - Catering to Student Diversity**2.2.1 - The institution assesses the learning levels of the students and organises special Programmes for advanced learners and slow learners**

The Departments of the NGB (DU) adopt a combination of methods, including students' inquisitiveness exhibited during the orientation program and subsequently during routine classes. The academic backgrounds of the student population are analyzed to understand the extent of comfort with respective courses. Based on such assessment following programs are organized:

For slow learners, Remedial classes are conducted regularly and are customized in accordance with the specific requirement(s) of the learner. Special lectures/Study materials as a part of remedial classes. Peer learning & teaching to blend advanced learners & slow learners. Mock tests/examination, problem-solving sessions and concept clarifications.

Advance learners are encouraged to access library resources, refer to volumes and books, take part in student seminars & group discussions. They form the core team of the organizers of seminars, workshops, invited talks, resource lectures, industrial visits, educational tours. Special coaching is given to improve their performance in competitive exams.

The University places emphasis on participatory learning which helps both advanced and slow learners. Co-curricular activities are organized by students through which they learn organizational and leadership skills. Learning resulting in defined outcomes such as quality placements, community involvement of students, sports excellence and entrepreneurship has been institutionalized.

In the past five years, relevant guest lectures and invited talks have been conducted by the various departments of the University. Experts from reputed organizations/industries/relevant societal organizations are invited on a regular basis by the respective departments for organizing special lectures, seminars and workshops.

2.3 - Teaching- Learning Process**2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences**

The University has adopted an active approach to learning. It has a well-established model in education, training, facilitation, coaching and organizational development. This is based on the application of knowledge which gives scope for the challenge, reflection and application both within and beyond the classroom.

Experiential learning: Experiential learning is a part of the regular teaching-learning process. Supports students in applying their knowledge to understand complex realities. The learning is reinforced with short-term training on practical skills. Students are also given the opportunity of expressing their opinion, belief and understanding on varied issues through Shastrartha – a monthly e-newsletter of the institution.

Participative Learning: The collaborative exchange of ideas and perspectives has focused on in-class experience, community focus and work focus. Students take an active part in clubs and forums and arrange invited talks by experts on platforms like Thought Spectrum. Matrihasha Diwas, National/State festivals, Ek Bharat Shreshtha Bharat activities, skill development programmes, projects, Basic Computer Skill training programmes, Yoga day, Gurupurnima, Hindi Diwas and World Sanskrit day are some of the highlights.

Problem Solving: Student enrichment and capacity-building programmes have given practical orientation and enhanced the learning ability of the students. Specific domains introduce the students to practical approaches, creative thinking and problem-solving abilities. Peer learning and cooperative learning have enabled students to work in teams and arrive at definite solutions.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

The University has a healthy practice of expanding the teaching-learning process beyond the confines of the classroom. Information & Communications Technology (ICT) enabled advanced teaching methods are being followed. The Wi-Fi-enabled campuses encourage blended learning by providing access to various websites containing e-learning resources.

LMS is used to provide study material, modules, and notes to the students along with access to e-journals through DELNET. Access to both classroom teaching as well as digital lectures enhances the mobility and flexibility of the learning process, supporting new generation learners.

The Internet connections are available in the libraries which enhances the scope of e-learning and the orientation given by the library staff help in optimum use of library facilities.

Students are enabled and encouraged to use MOOCs platforms like SWAYAM. The University has subscribed to the DELNET providing additional research and academic databases, e-journals, magazine subscriptions, and E-Books to students and research scholars.

Multimedia projectors, laptops, movies and documentaries are other learning resources to introduce innovative teaching methods. Video conferencing, e-lecture, webinars are frequently organized by departments through Zoom, and G-Meet. Faculty members also use social media platforms like WhatsApp as discussion forums. Video conferencing, e-lecture, webinars are frequently organized by departments through Zoom, and G-Meet to further supplement the enhanced learning environment.

E-content development centre has been established to further strengthen the learning environment, and faculty members are encouraged to develop e-modules for SWAYAM/MOOCs.

2.6 - Student Performance and Learning Outcomes

2.6.1 - The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

Nehru Gram Bharati (Deemed to be University) as stated learning outcomes (generic and programme specific/graduate attributes) and these are integrated into the assessment process and are publicised through University website and other documents. The Institution implemented outcome based teaching - learning process since the academic session of 2020-21.

Instruments used for evaluating students' performance include, Assignments, Quizzes, Class Tests, In-Class Presentations, Individual and Group Projects, Continuous Internal/Sessional Examinations and End Semester Examination, and are mapped to specific course outcome, thus enabling precise and quantitative tracking and valuation of attainment of Course Outcomes based on students' performance.

PO and PSO are well publicized through institutional website, LMS and through the syllabus booklets across programs. PO and PSO are inherent part of Student Induction Program - 'Deeksharambh', and complete clarity on POs and PSOs is given to the newly admitted students.

Attainment of Program Outcomes, Program Specific Outcomes, and Course Outcomes are evaluated by the institution. Institution has deployed Outcome Based Education and Assessment;

Assessment process is primarily based upon direct measures for assessing attainment of Course Outcome, involving examinations, assignments, quiz, projects, class presentations or any other instrument deemed fit by the faculty member.

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution during the year

Attainment of Programme Outcomes, Programme Specific Outcomes and Course Outcomes are evaluated by Nehru Gram Bharati (Deemed to be University). The university has well-defined learning outcomes for all its programmes which are stated in terms of Programme Educational Objectives, the Programme Outcomes (PO) as well as the Programme Specific Outcomes (PSOs) and the Course Outcomes (CO). The Programme Outcomes are defined at department level in consonance with the institutional Vision, Mission and Quality Policy, and the expected outcomes in terms of career & professional prospects and entrepreneurial development are reflected in the programme objectives. The relationship between Programme Outcomes/PSOs and the Course Outcomes are also mapped.

At the end of each course, the PO/PSO assessment is done from the CO attainment of all curriculum components. Each course has defined set of course outcomes and corresponding evaluation criteria. The course outcomes are mapped to the program outcomes which are used to provide the quantitative measurement of how well the program outcomes are achieved. The performance of the students in the examinations during the semester in each course is used to compute the level of attainment of the POs and PSOs through the mapping of questions to COs and COs to POs and PSOs. CO-PO & PSO mapping for all the courses in the program is prepared by the program coordinator in consultation with other faculty members delegated with courses.

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution Research facilities are frequently updated and there is well defined policy for promotion of research which is uploaded on the institutional website and implemented

Nehru Gram Bharati (Deemed-to-be- University) aspires to be at the forefront of research and innovation, based on its focus on areas where it has established over the years to develop state-of-the-art facilities. The institution has been investing in upgrading facilities (for research) over the past 14 years, involving the establishment of dedicated research center in a phased manner.

The NGB(DU) publishes University Journal "Journal of Nehru Gram Bharati University" (ISSN: 2319-9997). A Biannual Published Peer Reviewed Journal has been in circulation right from the year 2012. This was in the UGC Old List of Journals bearing Journal No 64567. In wake of the New CARE list, we have applied a fresh for its inclusion in the said list. Our request has been considered favourably in the first stage and UGC final approval is now expected soon.

DELNET, a network of digital Libraries has also been subscribed. The Research Centre has developed a Central Instrumentation Centre with a range of valued and sophisticated scientific Instruments/equipments. The NGB(DU) has well defined Research Promotion Policy which includes its Policy on

Academic Research, Sponsored Research, Extension and Extramural Centers and Centres of Excellence.

Research and Development Advisory Committee drives and implements various policies relevant to research within NGB(DU). The experienced faculty provide mentorship. Annual awards, Commendations and other forms of recognition, cash awards for best papers, access to a patent attorney and spin-off business ventures lend to a vibrant research ecosystem.

3.5 - Consultancy

3.5.1 - Institution has a policy on consultancy including revenue sharing between the institution and the individual and encourages its faculty to undertake consultancy

The NGB (DU) consultancy policy provides provisions for conducting consultancy to ensure that consultancies undertaken by teaching staff are consistent with the University's strategic and operational objectives and the costs are sustainable. All the sponsored projects, consultancies are required to include minimum 15% of the total outlay as overheads. University Teaching Staff members shall not undertake external research activities where no formal agreement (MoU) has been signed by the University unless they are on leave without pay, approved by the Dean concerned.

2.1 A Research Consultancy exists where an academic staff member provides research skills or expertise in return for remuneration from an external funder.

2.2 Non-research Consultancies include nonresearch activities performed under contract for a third party. Non-research Consultancy would include the provision of professional services to external agencies for a fee.

2.3 In Principle a faculty or staff member is not supposed to undertake a Private Consultancy unless it is approved by Dean (R&D) and the Registrar. However, the faculty or staff conducting private consultancy shall ensure that such work does not affect their allocated duties, obligations to the university.

Revenue Sharing: The revenue generated from the consultancy project is shared by the member and the university in a 70:30 ratio after deducting the overheads and all other expenses met by the university.

The bylaws have been framed and accordingly have been established for the better connect of alumni with the deemed University.

Nehru Gram Bharati Alumni Society is a single point of contact between Alumni and Deemed University. Alumni are great role models for current students and are often well placed to offer practical support to students as they start their careers. The objective of the society is to constitute a supportive alumni committee which can play an important role in shaping the future of the deemed University.

Activities of Alumni Society: Alumni Meet held on 26th June, 2022.

The Nehru Gram Bharati Alumni Society (NGB(DU), Prayagraj) intends to offer a platform, physical as well as virtual, for the alumni of all identities, backgrounds and experiences-across the globe to reach out to and build bonds with the campus community of our Institution. The ever-growing family of NGB alumni is sharing their diverse experiences and ideas to effect change from inside and outside the education system. Sharing stories and updates about the life and accomplishments of our proud alumni and how they are staying engaged with their alma mater helps to create a thriving community and forge connections between alumni and present generation of students.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The institution has a clearly stated vision and mission which are reflected in its academic and administrative governance

Nehru Gram Bharati (Deemed to be University) was established on 27th June 2008 after University Grants Commission recommended to Ministry of Human Resource & Development. Being a Deemed to be university NGB(DU) enjoys an all India jurisdiction. The MHRD (Now Ministry of Education) notified vide its gazette Notification no.9-42/2005-43(A) dated as 27st June 2008. The Deemed University has created adequate infrastructure for the teaching departments including required IT infrastructure for e-content development, Smart Class, Computer System, Internet and Wi-fi Facility. Fee for professional programmes offered is kept comparatively as low as possible to mainly target the vast rural youth's population. The leadership of the Deemed to be University through its various flagship professional and conventional programmes was able to attract rural students from across India, especially from states like Madhya Pradesh, Rajasthan, Bihar, Uttar Pradesh and so on. Our Vision: We aim to nurture and promote youth especially from rural area by providing high quality education and training in keeping with the promise of Late Pt. Jawahar Lal Nehru. Our dream is to build a role model Institution with state-of-the-art infrastructure. Our mission is to empower the nation through preparation of competent and trained human resource. We endeavor to enhance employability through training and spirit of competitiveness. We emphasize inculcating initiative for entrepreneurship generating self employment and national wealth. Deemed University has plans to enhance capability of young talents for fulfillment of their aspirations.

6.1.2 - The effective leadership is reflected in various institutional practices such as decentralization and participative management

Decentralization and participative management is practiced in a hierarchical manner as evidenced below:

1. Vice-Chancellor Level:

As Chairman of Board of Management, Vice-Chancellor in consultation with the Deans, HODs and Committee Heads formulates and implements academic and administrative plans and policies.

2. Faculty level:

Faculty participation is ensured by giving them representation in various committees/sub committees nominated by Vice Chancellor and Board of Management.

3. Students Level:

For the development of students, various cells and clubs are established at institutional level. Students are empowered to play important role in different activities. Functioning of different roles and responsibilities at various clubs and committees for further reinforces decentralization

4. Non Teaching Staff Level:

Non-teaching staffs also represents in the Board of Management and the IQAC. Suggestion of nonteaching staff are considered while framing policies or taking important decisions.

5. Participative Management:-

The institution promotes the culture of participative management at the strategic level, functional level and operational level.

Strategic level-: The Vice Chancellor, Board of Management, Teachers' and IQAC are involved in defining policies & procedures, framing guidelines and rules & regulations.

Functional level: Faculty members share knowledge among themselves, students and staff members while working for a committee.

Operational level: The Vice Chancellor and faculty members interact with government and external agencies. Students and office staff join hands with the Vice Chancellor and faculty for the execution of different academic, administrative, extension & out-reach related, co- and extracurricular activities.

6.2 - Strategy Development and Deployment	
6.2.1 - The institutional Strategic plan is effectively deployed	
<p>The strategic plan of NGB has resulted in modification of syllabus, with objective of broadening the knowledge acquired by the students, coupled with enhancement of their skills. The perspective plans greatly reflect the aspirations and expectations of stakeholders, including employers, alumni, societal needs/expectations, along with inputs from program experts, and faculty members.</p> <p>In pursuance to its objective of rural development, NGB successfully implemented the Gram Pravas Program. Under Gram Pravas program, NGB has adopted five villages adjoining Jamunipur Campus, and all research scholars pursuing PhD program are required to visit the adopted villages and interact with villagers through village panchayats, with the objective of developing an understanding towards localized problems of rural population, and offer feasible solution. Moreover, NGB provides legal counseling at adopted villages, through legal camps by faculty members of law department, health & family related issues by faculty members of home science department, guidance on government schemes/policies on agriculture, banking/agriculture/farmer loans etc, by faculty members of social work department, promoting education/girl child education by members of education department. Institution stands committed to intervening strongly in the local region by implementing socioeconomic development programmes by way of increasing the current engagements in the coming years.</p> <p>Institution has increased the use of ICT in the teaching-learning process by keeping in mind the current scenario of the whole world, and developed capability for synchronous and asynchronous mode of teaching - learning process. Institution successfully conducted examination in online mode during the Covid19 pandemic.</p>

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.	
<p>With the main goal of becoming an institution that focuses on teaching and learning for students, the institution has established an effective system of staff recruitment, selection, and appointment (teaching and nonteaching), a clearly defined administrative set-up, categorical rules of service, policies, and procedures. It aims to increase the connection between teaching, research, extension activities and extension activities.</p> <p>All institutional bodies at NGB(DU) have been established and are operating in accordance with the requirements established by UGC. According to the rules, they must include distinguished external members who have a track record of excellence in academic achievement, industrial stewardship, leadership of national institutions and worldwide experience.</p> <p>The Board of Management, Planning and Monitoring Board, Academic Council, various Boards of Studies, the Finance Committee, and IQAC are among the university's bodies that have been instrumental in the transformation process. Presence of internal and external members' in these meetings is indicative of efficient working of these functionaries.</p> <p>The UGC's recommendations are taken into account when developing the personnel policies and procedures that are put into action. These policies include Research Promotion , IPR , Consultancy , IT , Admission , Sports policies.</p> <p>Institutional bodies are supported by the guiding goals, structure, policy, resource, and cultural aspects as well as the overall operation of institutional bodies. Observations and suggestions of student grievance redressal cell, anti-ragging cell, internal complaints committee against sexual harassment, admission cell, training & Placement Cell and equal opportunity cell are incorporated in this process.</p>

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

Funds Mobilization: The institution regularly analyses ways to enhance the revenue through various sources on a yearly basis. The various possible sources of fund for a Higher Education Institutions (HEI) are student fees (Admission, transport, hostel), Research grants from various funding agencies, corporate CSR funds, faculty consultancy, offering services to external parties using the equipment / computers / software and other similar services related to HEIs.

Optimal Utilization of Resources: Institution has its vision, long term and short term goals. Planning and Monitoring Board (PMB) plans the requirements of the Deemed to be University based on the budget requirements for various heads with inputs from Various Departments through Deans/Registrar & IQAC and forwards it to the Finance Committee for Consideration. The Finance Committee considers the requirements of the Deemed to be University and submits them to the Board of Management for its Approval. After approval from BoM, an Estimated Budget is prepared by the Finance Committee and is submitted to the BoM for approval based on current academic year budget vs. expenditure and priorities for the next academic year, After the BoMs approval, the respective HoDs / In-charges can utilize the allotted budget for the specific purpose. PMB monitors the utilization of budget on a regular basis. Both PMB and IQAC ensure the optimal utilization of resources.

6.4.4 - Institution conducts internal and external financial audits regularly

A true picture of the sourcing and use of financial resources is provided by the University's audit system, which also ensures legal and optimal resource utilisation.

Internal Audit: NGB(DU) established an Internal Audit Cell in 2020 to carry out quaterly internal audit. The rate contracts and AMC agreements made with suppliers are also examined. Delegation of authority and authorization of expenditure by the Board of Management are both guaranteed. Reconciling fees is a crucial step in the auditing process.

Internal Audit of NGB(DU) has been entrusted to the Internal Audit Cell of the Institute. This is mainly pre-audit of major receipts and payments (above Rs. 50 thousand each) and post audit of all other receipts and pays.

External Audit: External Audit is conducted by Praveen Godbole Co., Chartered Accountant of NGB(DU).

2. Praveen Godbole Co. conducts statutory audit covering scrutiny of the following: (a) all receipts from fee, donations, grants, contributions, interest earned and returns on investments (b) all payments to staff, vendors, contractors, students and other service providers.

3. All observations/objections of Praveen Godbole Co. audit for 2020-21 have been complied and replies have been submitted to their satisfaction. It is pointed out that no objection/irregularity is outstanding. Draft report is submitted to Accounts Officer, NGB(DU) (if necessary) for finalizing compliance report. 4. Chartered Accountant of the Institute conducts regular accounts audit and certifies its Annual Financial Statements. All Financial Statements upto 2021-22 have been certified by the CA.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

IQAC in NGB (DU) has been geared to improve various NAAC indicators of quality in performance as evident from followings: Curriculum Development as per CBCS Pattern: Serving the cause of the deprived sections and for women empowerment as most of them are from first generation coming to higher education. Through final IQAC meeting held on 25.03.2019, CBCS pattern Syllabus of almost all P.G. Courses was finalized, approved by Academic Council in its meeting held on 31.05.2019 and was implemented w.e.f. Academic Year 2019-20.

An Academic Pre Submission Presentation (PSP) Check List was duly designed, approved and implemented through the IQAC meeting. The final list of "Thrust Area for Research" of all 26 departments has now been uphosted on our University website. Through our team work, Ph.D. Topic were finalized and this was applauded in IQAC meeting. Tthe need for investments in the infrastructure development and related aspects was reviewed by IQAC. This plan included curriculum development - Value Added Courses, ICT support for Slow Learners, Central Library Building Construction, Labs Augmentation, Green Campus, Women Empowerment, Divyaang Bhawan has been constructed. Institutional Values and Best Practices: A 4 credit module on "Research and Publication Ethics" is conducted in Ph.D. Course Work as a mandatory subject. An "Annual Research Integrity Assessment Committee (ARIAC) for each department has been established.

6.5.3 - Incremental improvements made for the preceding during the year with regard to quality (in case of first cycle) Post accreditation quality initiatives(second and subsequent cycles)

Incremental improvements are undertaken, based on the recommendation and guidance of IQAC, in consonance with the vision, mission and objectives of NGB. Given the fact that NGB is a self-finance university, there are occasional monetary constraints, never the less it has been a whole-hearted effort on part of the institution to undertake systematic improvement initiatives. Improvements include

- Revision/modification of curriculum based on the needs of industry/employer recommendations.
- Skill based courses have been introduced based on NEP/Skill Development Council 2020.
- Learning Outcomes under all programs have been well assessed and categorically specified.
- Value added courses are a regular feature under UG/PG programs.
- Innovative ICT enabled teaching pedagogies and ICT ready classrooms have been developed across all six Faculties.
- All practical labs as per department needs have been upgraded, through procurement of range of instruments/equipments.
- More Research articles got published in UGC Care List, Web of Science, SCOPUS and Peer reviewed journals as evident from the data submitted in Criterion 3.
- Quality Books and book Chapters written by the Faculty in renowned National and International Publishers as evident from the data submitted.
- A Central Instrumentation Centre is available at the Research Centre
- A new Central library has been established with state-of-art facilities, at Shashi Campus, Jhooti Tali.
- Institution has also established an Art Gallery and Museum

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

NGB(DU) possesses a privileged right to promote higher education and ensure women empowerment through gender equity in education. The gender sensitization cell was constituted with objective to sensitize & equip students with issues related to gender sensitivity and women empowerment.

Students apprised of the gender issues during the Orientation/Self Induction Program held for newly admitted students each year. There is significant number of women cadets in NCC unit of NGB(DU). Annual Sports are organised for both boys & girl students every year.

University has taken several measures to enhance safety & security on campuses by constituting Internal Complaints Committee against Sexual Harrashment (ICCASH), installing CCTV cameras & by providing round the clock security in the University premises. Faculty have been directed to keep the door of the lecture hall open during classes.

A Complaint Box is placed outside the ICCASH office. Strict confidentiality is maintained by the ICC to encourage the complainant to lodge complaint without fear. The ICC Chairperson and members' phone numbers are made available on the Notice Board of the ICC office, University

Directory & Website.

Counselling is provided to the complainants and the respondents independently by the ICC. The Counsellor of the University provides counselling to students of all departments. International Womens Days also celebrated on 08-03-2022. A Seminar on "Vartmaan Samay Mein Kamkaazi Maa Ki Bhumika" organised on 08-05-2022 Apart from above, Self Defense Training Programmes are conducted on various available platforms especially for girls student.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The Deemed to be university facilitates several techniques for the management of degradable and non-degradable waste. The primary focus is to reduce, reuse and recycle the waste. There is an Advisory Board which deals with the management of waste. Every day the organic waste is collected in bins and disposed to a place where it can be converted into manure.

For solid waste management different bins have been placed at different faculties. The recycling of all these components is done in minimum cost and labour. The collected solid waste is disposed off through local municipal bodies. This ensures that the waste is segregated right at the source.

For the management of Liquid waste on the basis of different category of toxicity, out of the utmost liquid converted in the combat form of manure through decomposition and is used for local gardening.

For hazardous chemical waste, there is a classification of the waste in hazardous and non-hazardous or infectious and other hazardous. The hazardous chemical waste is disposed of by following a SOP as per

For management of Bio-medical waste, Since, University has a Primary Health Care center therefore, the waste like plastic disposables, liquid waste and other things are again segregated then collected and kept in a storage and then transported finally to the agreed agency "Ferro Buildhards (I) Limited for the final treatment.

For E-Waste, We have signed an agreement with the outside govt. recognised agency for e-waste disposal generated in the Deemed University.

7.2 - Best Practices

7.2.1 - Describe one best practice successfully implemented by the Institution as per NAAC format provided in the Manual

1. Title of the Practice:Gram Pravas

2. Objectives of the Practice

Accountability of the Universities towards the society and the Nation has been a long cherished desire of the University Grants Commission. This aspect has remained nearly untouched as regards the concern of the Universities towards rural masses. Our Gram Pravas program has yielded wonderful results in this area.

3. The Context

We are fully aware that our villages have still to get benefits of the Govt. schemes designed and meant for them. It is responsibility of the Universities to make an audit on this account and do everything necessary to bring the results of the Govt. schemes close to villages and the villagers.

4. The Practice

- i. going to villages periodically and interacting with village folks, -men, women and children.
- ii. learning from them their traditional skills
- iii. transferring to them the latest knowledge and technology
- iv. collecting first hand information of the status of execution of the Government's Welfare schemes;
- v. enquiring about their well being and extending to them all possible help for solving their problems.

Each Participating student has to submit a report to his course coordinator after every Gram Pravas,

5. Evidence of Success

Ph.D. research Scholars successfully completed all the Gram Pravas programs designed for them.

6. Problems Encountered and Resources Required

Cooperation from the Govt. machinery is one point that may immensely enhance the quality of the Gram Pravas programmes.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

NGBDU has worked on the issues like soil and water which are the basic needs for the survival specially high quality agricultural production is the need of the hour and to combat the scarcity of various grains, vegetables, and ornamental plants. However, quality of grains and vegetables depends on the texture, chemical composition and overall microbial diversity of cultivated soil and irrigation water. In this regard, NGB(DU) have analyzed the water and soil bacterial diversity for socio-economic upliftment of tribal population of north India.

Besides, the major parameters accessed for water quality evaluation like Dissolved Oxygen (DO), Biochemical Oxygen Demand (BOD), Total Suspended Solids (TSS) and Total Solids (TS), the soil quality in terms of nitrogen and phosphorous 3/22/22, content were also analyzed. So, microbial diversity can be further explored for improving the quality of livelihood of the evaluated sites.

Since the University is located in the village area therefore our prime concern is to educate the marginalized and socially deprived population along with Divyangjans and female youth. University frequently carry out extension activities in the area of rural craft (Carpentry, Smithy, pottery, leather work etc.) in order to create employment in the rural sector. Training programmes for the village, block and district level officials/non-officials concerned with agriculture and rural development is organized on regular basis.

7.3.2 - Plan of action for the next academic year

- Preparation & publication of the Annual Report of 2021-2022 of the University.
- Preparation of the Annual Quality Assurance Report (AQAR) for the academic session 2022-2023 & submission to NAAC.
- Participating in National Institutional Ranking Framework (NIRF) for the academic session 2023.
- Increasing more number of Value added courses during the academic session 2022-2023.
- Implementation of Plastic free zone and Barrier free environment for PwD's in all the campuses of our University.
- Introducing more number of Short term Vocational courses.
- Conducting FDP based on Research Methodology, Entrepreneurship, Skill Development, IPR, NEP 2020 & UN's SDG.
- Encouraging to introduce at least one best practice from every department.
- Updating and upgrading Central Library facilities and establishing Book Bank facility. Assisting each department to establish departmental Library facility.
- Establishing sound methodology for documentation and Internal Communication.
- Conduct of Academic and Administrative Audits along with their follow up activities.
- Organization of intra and inter departmental workshops and seminars on quality related themes.
- Preparation of the Annual Quality Assurance Report (AQAR) for the academic session 2022-2023.
