## Introduction

Established in the year 2008, Moot court is one of the most exciting activities for **law students**. The proceedings in a moot court mirror real-life court proceedings. The purpose of the activity is to help law students understand how real courts work and their proper code of conduct, the importance of dress code and the use of formal language. Mooting is a great way to develop one's confidence, speaking, writing skills and research acumen. Participating in moot courts is not just great for budding advocates but also for future **Judges** and arbitrators! Moot Court sessions are performed as per requirement of the different law programmes offered by the Nehru Gram Bharati (Deemed to be University). Moot Court setup is also used for organising Moot Court Competitions at various levels by the University.
